- ____ OTHER – See comments below.

COMMENTS:

This bill would require the State Department of Health Services to allocate funds that the department receives for West Nile virus control purposes to those districts and to the department for purposes of abatement and control of mosquitoes and vectors that cause the transmission of the West Nile virus.

The June 28, 2005, amendments eliminated the provisions to allow taxpayers special tax treatment for losses sustained as a result of the West Nile virus. The bill as amended would no longer impact the department's programs and operations or state income tax revenue.
